Implement the social authentication API	Sid	yes

Before The Next Meeting

Plans:

- Implement the translate API to the whole website
- Have functioning filters that outputs the results to the page and map

Task Assignments:

Task Description	Assigned to
------------------	-------------

Connect the filters to Yelp and the map	All
Implement the translate API	All

Minutes from Previous Meeting

In this final meeting of the sprint, we acknowledged what else we needed to complete by Sunday. We all needed to work together on the coming steps since we aren't very knowledgeable in how to implement the other APIs. The coming days will consist of research by everyone to prepare for the start of sprint 3.
